

- Need to split everything up
- Next milestone due in 11 days
- Need to research how to set up code and database on Heroku
- Database table:
  - ID
  - Username
  - Password
  - High score
- Need to research how to link database and Javascript
- **Split up things to do:**
- Heroku Research:
  - Adam, Hunter
- Javascript code:
  - Jason, Taicheng
- Website creation:
  - Hunter
- Database Creation:
  - Adam
- Linking Database, Javascript, and website research: (NodeJS?)
  - John, Adam
